

## GRIP TIP: The "Instant" Fit Alternative

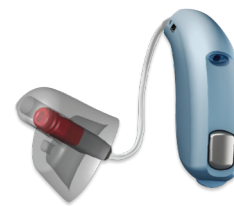

Oticon's Grip Tip provides an instant fit option when extra help is needed. Designed to support RITE instrument fittings, Grip Tip slips over all Oticon Standard, Medium or Intiga speakers (power not included), and is more durable than domes. These soft flexible tips shape comfortably to most ears; the slightly tacky texture helps prevent slippage. An instant solution, giving your clients immediate satisfaction.

### Instant Advantages:

- NO Impressions needed
- Improved Performance
  - ▶ Reduced Feedback
  - ▶ Reduced Occlusion
  - ▶ Reduced Slippage
- Easy Sizing
  - ▶ Right and left for instant comfort
  - ▶ Small or large
  - ▶ With or without venting
- Oticon Grip Tip Starter packs include:
  - ▶ 2 pairs of right and left, sizes small and large with large vents
  - ▶ 2 pairs of right and left, sizes small and large, with no vents
